(the “Company”) is currently scheduled to take place in person at 1600 – 925 West Georgia Street, Vancouver, BC V6C 3L2 on the 22nd day of June, 2022 (the “Meeting Date”) at the hour of 10:00 o’clock in the morning (Pacific time). In light of on-going concerns related to the spread of COVID-19, only registered shareholders, non-registered shareholders who have followed the procedures described in this Information Circular and their respective proxyholders (“Proxyholders”) will be allowed to attend the Meeting physically in person. On the Meeting Date, the Company will comply with all restrictions imposed under all applicable laws and regulations restricting the size of gatherings to protect public health and limit the spread of COVID-19. Shareholders may be refused entry at 1600 – 925 West Georgia Street, Vancouver, BC V6C 3L2 if more individuals attend the Meeting in person than are permitted under applicable laws, regulations or policies in effect on the Meeting Date.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of the Company for use at the Meeting to be held in the Boardroom of 1600 – 925 West Georgia Street, Vancouver, B.C. V6C 3L2, on the Meeting Date, being the 22nd day of June, 2022, at the hour of 10:00 o’clock in the morning (Pacific time).

In this Information Circular, references to “the Company”, “we” and “our” refer to Finlay Minerals Ltd. “Common Shares” or “Shares” means common shares in the capital of the Company. “Beneficial Shareholders” or “Non-Registered Shareholders” means shareholders who do not hold Common Shares in their own name and “Intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

The solicitation will be primarily by mail, but directors, officers and regular employees of the Company may also solicit proxies personally or by telephone. The Company has arranged for Intermediaries to forward the Meeting Materials (as defined below) to certain Beneficial Shareholders of the Common Shares held of record by those Intermediaries and we may reimburse the Intermediaries for their reasonable fees and disbursements in that regard. No solicitation will be made by agents. The cost of solicitation will be borne by the Company.

APPOINTMENT OF PROXYHOLDER

A duly completed form of Proxy will constitute the person(s) named in the enclosed form of Proxy as the shareholder’s Proxyholder. The persons whose names are printed in the enclosed form of Proxy for the Meeting are officers or directors of the Company (the “Management Proxyholders”).

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by inserting the desired person’s name in the blank space provided or by executing a Proxy in a form similar to the enclosed form. A Proxyholder need not be a shareholder. The only methods by which you may appoint a person as Proxy are submitting a Proxy by mail, hand delivery or facsimile.

VOTING BY PROXY

Common Shares of the Company represented by properly executed proxies in the accompanying form will be voted or withheld from voting on each respective matter in accordance with the instructions of the shareholder (the

“shareholder”) on any ballot that may be called for.

If no choice is specified and one of the Management Proxyholders is appointed by a shareholder as Proxyholder, such person will vote in favour of the matters proposed at the Meeting and for all other matters proposed by management at the Meeting.

The enclosed form of Proxy also confers discretionary authority upon the person named therein as Proxyholder with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified (other than the appointment of an auditor and the election of directors);
- (b) amendments or variations to matters identified therein; and
- (c) other matters which may properly come before the Meeting.

At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of Proxy must be deposited at the office of the Company’s registrar and transfer agent, Computershare Investor Services Inc., (i) by mail using the enclosed return envelope or (ii) by hand delivery to Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. Alternatively, you may vote by telephone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America), by facsimile to 1-866-249-7775 or 1-416-263-9524 (if outside North America), or by internet using the 15 digit control number located at the bottom of your Proxy at www.investorvote.com. All instructions are listed in the enclosed form of Proxy.

INFORMATION FOR NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed Proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are Non-Registered Shareholders because the Shares they own are not registered in their names but are instead registered in the name of the Intermediary through which they purchased the Shares. More particularly, a Non-Registered Shareholder is not a registered shareholder in respect of Shares which are held on behalf of that person but which are registered either: (a) in the name of an Intermediary that the Non-Registered Shareholder deals with in respect of the Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of Proxy (collectively, the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Shareholders. The Company is not relying on the notice-and-access delivery procedures outlined in National Instrument 54-101 of the Canadian Securities Administrators to distribute copies of proxy-related materials in connection with the Meeting.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of Proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed. Because the Intermediary has already signed the form of Proxy, this form of Proxy is not required to be signed by the Non-Registered Shareholder when submitting the Proxy. In this case, the Non-Registered Shareholder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and **deliver it to the Company** as provided above; or

(b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “Proxy Authorization Form”) which the Intermediary must follow. Typically, the Proxy Authorization Form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the Proxy Authorization Form will consist of a regular printed Proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of Proxy to validly constitute a Proxy Authorization Form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of Proxy, properly complete and sign the form of Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Shareholders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person, subject to the cautionary notice on the first page of this Information Circular, the Non-Registered Shareholder should strike out the names of the Management Proxyholders and insert the Non-Registered Shareholder’s own name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the Proxy or Proxy Authorization Form is to be delivered.**

The Company is sending the Meeting Materials directly to those Non-Registered Shareholders who have not objected to disclosing ownership information about themselves to the Company. The Company does not intend to pay for delivery of the Meeting Materials to those Non-Registered Shareholders who have objected to disclosing ownership information about themselves to the Company. Such Non-Registered Shareholders will not receive the Meeting Materials unless their respective Intermediaries assume the cost of delivery.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a Proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by instrument in writing, including a Proxy bearing a later date, executed by the registered shareholder or by his, her or its attorney authorized in writing or, if the registered shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the Proxy must be deposited at the registered office of the Company at 1600 – 925 West Georgia Street, Vancouver, BC, V6C 3L2, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the Chair of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a Proxy. Non-Registered Shareholders who wish to change their vote may do so by contacting their Intermediary in sufficient time prior to the Meeting, and prior to their Intermediary’s cut-off time, to arrange to change the vote and, if necessary, revoke the Proxy.**

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of Common Shares without par value, and 100,000,000 Class A preference shares and 100,000,000 Class B preference shares. The holders of Common Shares are entitled to one vote for each Common Share held. Holders of Common Shares of record at the close of business on the record date, May 18, 2022, will be entitled to receive notice of and vote at the Meeting.

Each ordinary resolution to be voted on at the Meeting must be passed by a simple majority (greater than 50%) of the votes cast on the resolution. Any special resolution to be voted on at the Meeting must be passed by two-thirds of the votes cast on the resolution.

Oversight and Description of Director and Named Executive Officer Compensation

Director Compensation

The Company has no standard arrangements pursuant to which directors are compensated by the Company for their services in their capacity as directors, except for the granting from time to time of stock options in accordance with the Option Plan (as defined below) and the policies of the TSX Venture Exchange (the “Exchange”). Currently, no fees are paid to the directors for serving as directors of the Company.

The Board believes that the granting of stock options provides a reward to directors for achieving results that improve Company performance and thereby increase shareholder value. In making a determination as to whether a grant of long-term incentive stock options is appropriate and if so, the number of options that should be granted, the Board considers: the number and terms of outstanding stock options held by each director; the aggregate value in securities of the Company that the Board intends to award as compensation; the potential dilution to shareholders; general industry standards; and the limits imposed by the terms of the Option Plan and Exchange policies. The granting of stock options allows the Company to reward directors for their efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The terms and conditions of the Company’s stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Option Plan. For further details on the Option Plan, see “Director and Named Executive Officer Compensation – Stock Option Plans and Other Incentive Plans” and “Particulars of Matters to be Acted Upon – Approval of Amendment of Option Plan”.

The directors may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Named Executive Officer Compensation

During the financial year ended December 31, 2021, Robert Brown received \$7,480 commencing September 1, 2021 for consulting fees in his capacity as President and Chief Executive Officer of the Company. Mr. Brown charges the Company at the same hourly/daily rate as he charges other companies for which he consults.

The Company has a Compensation and Governance Committee consisting of Richard Dauphinee, David Schwartz and Kristina Walcott. Kristina Walcott is an independent director. The Compensation and Governance Committee of the Board directs the design and provides oversight for the Company’s executive compensation program and has overall responsibility for recommending levels of executive compensation that are competitive in order to attract, motivate, and retain highly skilled and experienced executive officers. The Compensation and Governance Committee does not have a formal compensation program with set benchmarks, performance criteria or goals, such as milestones, agreements and transactions; however, the Compensation and Governance Committee does have an informal program that seeks to reward an executive officer’s current and future expected performance and the achievement of corporate milestones and align the interests of executive officers with the interests of the Company’s shareholders. The Company does not use specific benchmark groups in determining compensation or any element of compensation.

The Compensation and Governance Committee’s responsibilities include: reviewing and making recommendations to the Board with respect to the adequacy and form of compensation to all executive officers and directors of the Company; making recommendations to the Board in respect of the grant of stock options to management, directors, officers and other employees and consultants of the Company; and monitoring the performance of the Company’s executive officers.

The Company’s executive compensation program is structured in two components: (i) base salaries or consulting fees and (ii) long-term incentives in the form of stock options granted pursuant to the Option Plan, which together are designed to provide a combination of cash and equity-based compensation to effectively retain and motivate the executive officers to achieve the corporate goals and objectives. The following discussion describes the Company’s executive compensation program by component of compensation and discusses how each component relates to the Company’s overall executive compensation objective:

- (a) Base salaries or consulting fees may be paid to the Company’s NEOs to compensate them for providing the leadership and specific skills needed to fulfill their responsibilities.

- (b) The Company provides long-term incentives to NEOs through the grant of options under the Company's Option Plan. The objective in granting Options is to encourage an ownership interest in the Company over a period of time, which acts as a financial incentive to consider the long-term interest of the Company and its shareholders. The Compensation and Governance Committee makes recommendations from time to time to the Board in respect of option grants to each NEO, taking into consideration the level of responsibility and the importance of the position to the Company.

The Company's executive compensation program has been designed to accomplish the following long-term objectives:

- create a proper balance between building shareholder wealth and competitive executive compensation while maintaining good corporate governance practices;
- produce long-term, positive results for the Company's shareholders;
- align executive compensation with corporate performance; and
- provide compensation and benefits that will enable the Company to recruit, retain and motivate the executive talent necessary to be successful.

As set out above, NEOs are eligible under the Option Plan to receive grants of stock options. The Option Plan is an important part of the Company's long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Option Plan is intended to reinforce commitment to long-term growth in profitability and shareholder value. Stock options are granted by the Board, upon the recommendation of the Compensation and Governance Committee. The size of stock option grants to officers is dependent on each officer's level of responsibility, authority and importance to the Company and the degree to which such officer's long-term contribution to the Company will be key to its long-term success, as well as the limits imposed by the terms of the Option Plan and Exchange policies. For further details on the Option Plan, see "Director and Named Executive Officer Compensation – Stock Option Plans and Other Incentive Plans" and "Particulars of Matters to be Acted Upon – Approval of Amendment of Option Plan".

Pension Disclosure

The Company does not have a pension plan.

Stock Option Plans and Other Incentive Plans

The Company's stock option plan was approved by shareholders on June 25, 2021 (the "Option Plan") for senior officers, directors, employees and consultants of the Company. The Option Plan provides for the issuance of stock options to acquire up to 10% of the Company's issued and outstanding capital as at the date of grant, subject to standard anti-dilution adjustment. This is a "rolling plan" as the number of Shares reserved for issuance pursuant to the grant of stock options will increase as the Company's issued and outstanding share capital increases. At no time will more than 10% of the outstanding Shares be subject to grant under the Option Plan. The Company has no incentive plans other than the Option Plan. At the Meeting, shareholders will be asked to consider and approve certain proposed amendments to the Option Plan, which result from changes to the Exchange's policy governing security based compensation and will be subject to the acceptance of the Exchange. For further details, see "Particulars of Matters to be Acted Upon – Approval of amendment of Option Plan".

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS

There was no indebtedness of any current or former director, executive officer or employee or any proposed nominee for election as a director, or associate of any of them, to the Company or any of its subsidiaries or to any other person that is guaranteed or supported by the Company or any of its subsidiaries, either pursuant to an employee stock purchase program of the Company or otherwise, during the most recently completed financial year.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than transactions carried out in the normal course of business of the Company or any of its affiliates, or as disclosed under the heading “Director and Named Executive Officer Compensation” or below, none of the directors or executive officers of the Company, a proposed management nominee for election as a director of the Company, any person who beneficially owns or controls or directs, directly or indirectly, Shares carrying more than 10% of the voting rights attached to the Shares of the Company nor any director, executive officer, associate or affiliate of any of the foregoing persons has had, since January 1, 2021 (the commencement of the Company's most recently completed financial year) any material interest, direct or indirect, in any transactions which has materially affected the Company or any of its subsidiaries or in any proposed transaction which would materially affect the Company or any of its subsidiaries.

On November 18, 2021, the Company announced the closing of an amended oversubscribed non-brokered flow-through private placement financing for total proceeds of \$328,039.79 (the “Private Placement”). The Private Placement consisted of the issuance of a total of 2,523,383 flow-through units (the “Units”), at a price of \$0.13 per Unit, with each Unit comprising one Share of the Company which qualifies as a “flow-through share” within the meaning of the *Income Tax Act* (Canada) and one Share purchase warrant, with each such warrant entitling the holder thereof to acquire one additional Share of the Company at an exercise price of \$0.20 per Share for a period of twenty-four months from the closing of the Private Placement. In connection with the Private Placement, Dr. John A. Barakso, a director of the Company and resident of Nanaimo, British Columbia, purchased a total of 1,153,846 Units. The Private Placement therefore constituted a “related party transaction” within the meaning of Policy 5.9 of the TSX Venture Exchange and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions*.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITORS

National Instrument 52-110 *Audit Committees* (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information relating to the Company’s audit committee (the “Audit Committee”) and its relationship with the Company’s independent auditors.

The Audit Committee’s Charter

The Company’s Audit Committee is governed by its Audit Committee Charter, a copy of which is annexed hereto as Schedule “A”.

Composition of the Audit Committee

The Company’s Audit Committee currently comprises three directors: Richard Dauphinee, Alvin Jackson, and Kristina Walcott. All the audit committee members are “financially literate”, as such term is defined in NI 52-110. Mr. Jackson and Ms. Walcott are independent; Mr. Dauphinee is not independent as he is an officer of the Company.

Mr. Richard Dauphinee is a retired Chartered Accountant after 32 years of public practice; for 28 years he was a partner of Rick Dauphinee Ltd., Chartered Accountants and previously, he was a founding partner of Watson Dauphinee & Masuch, Chartered Accountants in Vancouver.

Mr. Alvin Jackson has over 40 years of worldwide experience in mineral exploration and development. During his career, he has been directly involved with the exploration drilling and pre-feasibility studies on two major gold deposits (Detour Lake, Ontario and Golden Cross in New Zealand) and one porphyry copper deposit (Huckleberry, British Columbia), all of which subsequently became producers. His experience includes work as an Exploration Manager for Cyprus Minerals Canada from 1989 to 1992 and serving as President and CEO/COO of Eurozinc Mining between 1999 to 2005 where he directed that company in its acquisition of the Aljustrel and Neves Corvo zinc and copper mines in Portugal. Eurozinc subsequently grew to a market cap of over \$1.5 billion before merging with Lundin Mining. Currently, Mr. Jackson serves as Director and Vice President, Exploration and Development of Freegold Ventures as well as a director of Canasil Resources and CopAur Minerals Inc.

Ms. Kristina Walcott has worked in various capacities in the mining and mineral exploration industry over the past 20 years. Prior to her appointment as President and CEO of Freegold Ventures Limited in 2009, and a director in 2010, Ms. Walcott was Freegold Venture’s Vice President, Business Development from March, 2005 where she was responsible for identifying and acquiring new business opportunities in the mining sector. Ms. Walcott is “financially literate”, as such term is defined in NI 52-110.

Audit Committee Oversight

Since the commencement of the Company’s most recently completed fiscal year, the Company’s board of directors has not failed to adopt a recommendation of the Audit Committee to nominate or compensate an external auditor.

Reliance on Certain Exemptions

The Company is relying upon the exemption for venture issuers in Section 6.1 of NI 52-110, which allows for an exemption from Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110, and allows for the short form of disclosure of audit committee procedures set out in Form 52-110F2.

During the Company’s most recently completed financial year, the Company relied upon the temporary exemption in section 6.1.1(6) of NI 52-110 from the requirement that the majority of the Audit Committee not be executive officers, employees or control persons until the later of (a) the next annual meeting or (b) the date that is six months from the day the vacancy was created. On April 30, 2021, Mr. Peter Tegart, a former independent director of the Company, resigned from the Audit Committee and as a director of the Company. Mr. David Schwartz was appointed to fill the third position on the Audit Committee on an interim basis until the Company’s annual general meeting held on June 25, 2021. Ms. Kristina Walcott, an independent director, was elected to the Board at the Company’s 2021 annual general meeting and replaced Mr. David Schwartz on the Audit Committee effective June 25, 2021.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in Sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditors, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditors in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. The Audit Committee will review the engagement of non-audit services as required.

External Auditors Service Fees (By Category)

The fees paid to the Company’s external auditors in each of the last two fiscal years for audit fees are as follows:

Financial Year Ending	Audit Fees	Audit Related Fees ⁽¹⁾	Tax Fees ⁽²⁾	All Other Fees ⁽³⁾
December 31, 2021	\$12,000	Nil	\$2,120	\$3,150
December 31, 2020	\$10,750	Nil	\$1,000	\$2,925

Notes:

- (1) Fees charged for assurance and related services reasonably related to the performance of an audit, and not included under “Audit Fees”.
- (2) Fees charged for tax compliance, tax advice and tax planning services.
- (3) Fees for services other than disclosed in any other column.

APPOINTMENT OF AUDITOR

Shareholders will be asked to vote for the appointment of De Visser Gray LLP, Chartered Accountants, of Vancouver, British Columbia, as the auditors of the Company to hold office until the next annual meeting of shareholders and to authorize the directors to fix the auditors’ remuneration. De Visser Gray LLP were first appointed auditors of the Company in 2002.

On the representations of the said auditors, neither that firm nor any of its partners has any direct financial interest nor any material indirect financial interest in the Company or any of its subsidiaries nor has had any connection during the past three years with the Company or any of its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“NI 58-101”) requires each reporting issuer to disclose its corporate governance practices on an annual basis. The Company’s approach to corporate governance is set forth below.

Board of Directors

The Company’s Board of Directors is responsible for supervising the management of the Company and oversees the business and affairs of the Company. The Board approves the Company’s significant business decisions and material transactions such as acquisitions, divestitures, financings and significant expenditures. Management is required to seek Board approval for major transactions. In addition, transactions or agreements in respect of which a director or officer has a material interest must be approved by the Board. In appropriate cases the Board may require a director who has a material interest in a proposed contract or transaction, in addition to disclosing the nature and extent of the interest as may be required by law, to be absent from a meeting of the directors at which such transaction or agreement is being discussed. In addition, in an appropriate case, the Board could consider forming a special *ad hoc* independent

committee of the Board to consider the proposed contract or transaction. The Board will at all times encourage directors to exercise independent judgment in considering transactions or agreements in respect of which a director or officer has a material interest.

The Board has considered the extent to which any of the directors or persons being proposed for election as directors may be considered to be free of any direct or indirect material relationship (a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member's independent judgment) with the Company so as to be independent within the meaning of NI 58-101. The Board has considered all relationships which the directors and persons being proposed for election as directors have with the Company and determined that Mr. Jackson and Ms. Walcott are independent. The Board has determined Messrs. Brown, Dauphinee, Barakso and Schwartz and Ms. Lindsay are not independent as they are senior executives of the Company or immediate family members thereof.

The Board considers that given that management is required to seek Board approval for all major transactions such as acquisitions, divestitures, financings and significant expenditures, having at least two independent directors facilitates the Board's exercise of independent judgment in carrying out its responsibilities.

Directorships

Robert F. Brown is not presently a director of any other issuer that is a reporting issuer.

Dr. John A. Barakso is not presently a director of any other issuer that is a reporting issuer.

Richard Dauphinee is not presently a director of any other issuer that is a reporting issuer.

Alvin Jackson is presently a director/executive of the following other TSX & TSX-V companies:

- Freegold Ventures Limited. (Vice President, Exploration and director);
- Canasil Resources Inc. (director); and
- CopAur Minerals Inc. (director).

Ilona Barakso Lindsay is not presently a director of any other issuer that is a reporting issuer.

David A. Schwartz is not presently a director of any other issuer that is a reporting issuer.

Kristina Walcott is presently a director/executive of the following other TSX companies:

- Freegold Ventures Limited (President, CEO and director).

Orientation and Continuing Education

Prior to their election or appointment, new directors are provided, through discussions with the CEO and President of the Company, with a thorough description of the Company's business, properties and assets, operations and strategic plans and objectives. These discussions also provide new directors with an understanding of the role of the Board and the contributions that individual directors are expected to make.

On occasions where it is considered advisable, the Board will provide directors with information regarding topics of general interest, such as fiduciary duties and continuous disclosure obligations. The Board also ensures that each director is up-to-date with current information regarding the business of the Company, the role the director is expected to fulfill and basic procedures and operations of the Board. Board members are also given access to management and other employees and advisors, who can answer any questions that may arise.

Ethical Business Conduct

The Board's mandate includes satisfying itself as to the integrity of the Company's executive officers and in all dealings, the directors and management endeavour to reflect a culture of integrity and ethical business conduct.

If a director is in a conflict of interest or potential conflict of interest as a result of a proposed contract, that director may not participate in or be permitted to hear the discussion of the matter at any meeting of directors except to disclose material facts and respond to questions. The director will be counted in determining the presence of a quorum for

purposes of the vote but will not vote on any resolution to approve the proposed contract unless all the directors have a disclosable interest in such contract.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board from time to time reviews the size of the Board and assesses whether that size is appropriate for the Company. Where appropriate, the Board determines whether a change in the size of the Board may be appropriate and when it is determined that one or more additional directors may be desirable, the Chair of the Board and other directors may propose potential Board candidates for approval by the Board.

Compensation

The Company has not paid any compensation to its directors or officers during the financial year ended December 31, 2021 except as set out under the heading "Director and Named Executive Officer Compensation" in this Information Circular. The Board may, in the future, determine to pay compensation to the directors and determine the form and amount of such compensation, which may include options under the Company's Option Plan, if it determines that such compensation is necessary or desirable to reflect the responsibilities and risks involved in being a director of the Company.

Other Board Committees

The Board has two standing committees: the Audit Committee and the Compensation and Governance Committee. The Compensation and Governance Committees members are: Richard Dauphinee, David Schwartz and Kristina Walcott.

Assessments

The Board periodically assesses the overall performance and effectiveness of the Board as a whole, its committees and the contribution of individual members. In light of the size of the Board and its committees, the Board has not seen the need to date to formalize any specific process for the Board to satisfy itself that the Board, its committees and individual directors are performing effectively.

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval of Amendment of Option Plan

The Company received shareholder approval of the Option Plan at its last Annual General Meeting. The Exchange requires listed companies that have "rolling" stock option plans in place to receive shareholder approval of such plan on a yearly basis at the Company's Annual General Meeting.

On November 24, 2021, the Exchange revised its policies regarding security based compensation. Specifically, Policy 4.4 – *Security Based Compensation* of the Exchange's Corporate Finance Manual (the "New Policy") was revised to accommodate a variety of types of security based compensation in addition to stock options. As a result, the Company is required to amend its Option Plan in order to comply with the New Policy. The full text of the Company's Option Plan, including the proposed amendments to the Option Plan (the "Amended Option Plan"), is attached to this Information Circular as Schedule "B". The key changes proposed in the Amended Option Plan, which changes are aimed solely at ensuring the Amended Option Plan complies with the New Policy, include the following:

1. Definitions have been included for certain terms, including "Security Based Compensation" and "Investor Relations Service Provider," to align with the New Policy. Additionally, clarifying and housekeeping

amendments have been made to the definitions of certain other terms to conform to the New Policy.

2. The limit on Shares subject to the Amended Option Plan now refers to the maximum number of Shares that may be granted or issued pursuant to all Security Based Compensation of the issuer, not just pursuant to options.
3. The participation limits have been revised to refer to the maximum number of Shares that may be issued pursuant to all Security Based Compensation rather than just pursuant to options. In addition, the participation limit for persons providing “Investor Relations Activities” has been revised to refer instead to “Investor Relations Service Providers” and the participation limit for “Insiders” has been revised to align with the wording of the New Policy.
4. A condition has been included that options granted to Investor Relations Service Providers must vest in stages over at least 12 months (rather than over a fixed period of 12 months) and that no such options may vest prior to the 3-month anniversary of the date of grant.
5. A statement has been added that disinterested shareholder approval will be required for any extension of the term of an option if the option holder is an Insider at the time of the proposed amendment.
6. A provision has been added to limit extension of the term of an option extended as a result of a blackout period to the tenth business day after the expiry date of the blackout period.
7. The adjustment provisions were revised to require that any adjustment to the number or kind of Shares issuable pursuant to the exercise of options other than in connection with a security consolidation or security split will be subject to the prior acceptance of the Exchange.
8. Amendment and termination provisions have been added as described in detail below.

With the exception of the proposed amendments described above, the particulars of the Amended Option Plan remain substantially the same as the existing Option Plan. The material terms of the Amended Option Plan are as follows (capitalized terms not otherwise defined herein have the meanings ascribed to such terms in the Amended Option Plan):

1. Options may be granted to a Director, Officer, Employee, Management Company Employee or Consultant of the Company.
2. Options may be granted in respect of authorized and unissued Shares, provided that the aggregate number of Shares reserved for issuance upon the exercise of options granted under the Plan, when combined with the number of Shares that are issuable pursuant to all Security Based Compensation granted or issued by the Company, shall not exceed 10% of the issued and outstanding Shares from time to time.
3. The maximum aggregate number of Shares that are issuable pursuant to all options granted, when combined with the number of Shares issuable pursuant to all Security Based Compensation granted or issued by the Company, in each case in any 12 month period to any one Consultant, must not exceed 2% of the issued and outstanding Shares, calculated as at the date of grant.
4. The maximum aggregate number of Shares that are issuable pursuant to all options granted, when combined with the number of Shares issuable pursuant to all Security Based Compensation granted or issued by the Issuer, in each case to any one person (and where permitted by the policies of the Exchange, any Companies wholly owned by that person) in a 12 month period, must not exceed 5% of the issued and outstanding Shares, calculated at the date of grant (unless the Company has obtained the requisite disinterested Shareholder approval in accordance with the policies of the Exchange).
5. The maximum aggregate number of Shares that are issuable pursuant to all options granted in any 12 month period to all Investor Relations Service Providers must not exceed 2% of the issued and outstanding Shares, calculated as at the date of grant. No type of Security Based Compensation other than options may be issued to Investor Relations Service Providers.

6. The maximum aggregate number of Shares issuable to Insiders (as a group) under the Amended Option Plan, when combined with the number of Shares issuable pursuant to all other Security Based Compensation granted or issued by the Company to Insiders (as a group), either at any point in time, or within any 12 month period, calculated as at the date of grant, must not exceed 10% of the issued and outstanding Shares, unless the Company has obtained disinterested Shareholder approval in respect of such grant and meets applicable Exchange requirements.
7. Subject to the terms of the Amended Option Plan, the Board shall determine the number of Shares subject to each option, the exercise price of each option, the expiration date of each option, the exercise price of each option, the extent to which each option is exercisable from time to time during the term of the option and any other terms and conditions relating to each option; provided, however, that (a) the exercise price of each option shall not be less than the applicable Market Price of the Company's Shares, less the maximum discount permitted by the Exchange, and (b) options will not be permitted to exceed a term of ten years (subject to extension where the expiry date falls within a "blackout period").
8. Options granted to any Investor Relations Service Provider must vest in stages over at least 12 months with no more than $\frac{1}{4}$ of the options vesting in any three month period, and no such options will vest prior to the three month anniversary of the date of grant.
9. All options are non-assignable and non-transferable.
10. If the option holder ceases to be a Director, Officer, Employee, Consultant or Management Company Employee of the Company (other than by reason of death), then all options granted to such option holder shall expire within 90 days following the date that the option holder ceases to be a Director, Officer, Employee, Consultant or Management Company Employee of the Company. If the option holder ceases to be a Director, Officer, Employee, Consultant or Management Company Employee of the Company by reason of death, the option holder's heirs or administrators can exercise any portion of the outstanding option, for a period of one year from the option holder's death. If the option holder is engaged in Investor Relations Activities, the options must expire within 30 days after the option holder ceases to be employed by the Company to provide Investor Relations Activities.
11. Options will be adjusted in the event of any consolidation, subdivision or reclassification of the Company's Shares, subject, in the case of an event other than in connection with a security consolidation or security split, to the prior acceptance of the Exchange in accordance with the policies of the Exchange.
12. In addition to any resale restrictions required under any applicable law, if the exercise price of an option is set at a discount to the Market Price or if otherwise required by the policies of the Exchange, a four month hold period will apply, and all such options and any Shares issued on the exercise of options prior to the expiry of such hold period will bear a legend to that effect, in accordance with the policies of the Exchange.
13. If any option has been cancelled, terminated, surrendered, forfeited or expired without being exercised in full and if no Shares have been issued pursuant to the unexercised portion of such cancelled, terminated, surrendered, forfeited or expired option, the number of Shares in respect of such unexercised portion will again become automatically available to be made the subject of a new option, provided that the total number of Shares reserved for issuance does not exceed 10% of the issued and outstanding Shares.
14. Generally, if the expiry date of an option falls during a blackout period applicable to the relevant Optionee, then the term of the option will be automatically extended to the date that is the tenth business day after the expiry date of the blackout period, subject to certain requirements under the Amended Option Plan and the policies of the Exchange.
15. The Board may:
 - (a) amend the Amended Option Plan or any option granted thereunder without further action of the shareholders, subject to applicable policies, rules and regulations (including of the Exchange) and subject to the consent of an option holder where such amendment adversely alters or impairs any of an option holder's rights or obligations under such option holder's options; or

- (b) may terminate the Amended Option Plan at any time provided such termination shall not alter the terms or conditions of any option or impair any right of an option holder pursuant to any option awarded prior to the date of such termination, and providing that in the event of such termination, the Amended Option Plan will continue to govern with respect to any outstanding options or Shares issuable upon due exercise of outstanding options;

provided, however, that: (x) any such suspension, termination or amendment must, among other things, comply with applicable law and the requirements of the Exchange, including applicable requirements related to requisite shareholder approval and prior approval of the Exchange; and (y) in the case of any reduction in the price or extension of the term of options held by Insiders at the time of the proposed amendment, such amendment will be subject to receipt of the requisite disinterested Shareholder approval in accordance with the policies of the Exchange.

Shareholders will be asked at the Meeting to consider, and if thought fit, to approve, with or without amendment, an ordinary resolution approving the Amended Option Plan, as follows:

“**IT IS RESOLVED**, as an ordinary resolution that:

1. the Stock Option Plan of Finlay Minerals Ltd. (the “**Company**”), as substantially described in, and attached to, the management information circular of the Company dated May 18, 2022 (the “**Information Circular**”), and as amended by the proposed amendments substantially described in the Information Circular (the “**Amended Option Plan**”) be and is hereby authorized and approved;
2. the Board of Directors of the Company be and is hereby authorized to grant stock options under and subject to the terms and conditions of the Amended Option Plan and such stock options may be exercised to purchase up to a maximum of 10% of the issued and outstanding common shares of the Company;
3. the Board of Directors of the Company be authorized to make any changes to the Amended Option Plan as may be required or permitted by any regulatory authority or stock exchange on which the securities of the Company are listed for trading, upon the terms and conditions of the Amended Option Plan; and
4. any one director or officer of the Company is authorized and directed on behalf of the Company to execute all documents and to do all such other acts and things as such director or officer may determine to be necessary or advisable to give effect to the foregoing provisions of this resolution.”

The Amended Option Plan is subject to Exchange acceptance and if the Exchange finds the disclosure to shareholders to be inadequate, shareholder approval of the Amended Option Plan may not be accepted by the Exchange.

Reference should be made to the full text of the Amended Option Plan which will be made available at the records offices of the Company, 1600 - 925 West Georgia Street, Vancouver, BC V6C 3L2, until 4 o'clock in the afternoon (Pacific Time) on the business day immediately preceding the date of the Meeting.

SCHEDULE “A”

Charter of the Audit Committee of the Board of Directors (“Board”) of FINLAY MINERALS LTD.
(the “Company”)

THE AUDIT COMMITTEE CHARTER

1 OVERALL PURPOSE / OBJECTIVES

The committee will provide review and oversight of the Company’s accounting and financial reporting processes and audits of the Company’s financial statements and will manage the relationship between the Company and its external auditors, including recommending to the Board the nomination and compensation of such external auditors. The committee will also assist the Board in fulfilling its responsibilities in reviewing the Company’s process for monitoring compliance with laws and regulations and its own code of business conduct.
